

Fotografie, die normalerweise Realität dokumentiert, wird abstrakt

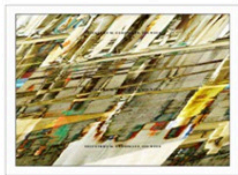

Bei den gezeigten Arbeiten handelt es sich um am Computer erzeugte - vorrangig abstrakte - Werke.
Ausschließlich selbst produzierte Digitalfotos bilden die Basis und werden kreativ verfremdet.

Jedes Werk ist nach einem meist langen Entwicklungsprozess ein Unikat und niemand kann das
gleiche Bild noch einmal produzieren!

Aufgrund der digitalen Form ist ein vielseitiger Einsatz möglich.

Die Formate sind großteils individuell und flexibel gestaltbar.
